## RT / RET

### HIGH PERFORMANCE TROMMELS

As the top selling mid-size portable trommel in North America, the 512 offers a combination of high production rates, versatility, ease of use and unrivalled strength. This has ensured the 512's popularity with top soil producers, contractors, recycling contractors, and landscape supply operators.

With a quick setup time and high on-site mobility, the 512 represents high quality and value from the McCloskey trommel range and continues to add to McCloskey's reputation for being the world leader in trommel innovation and design.

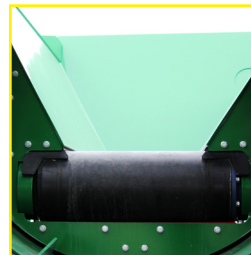

**Large engine bay**
